Motor-Free Rodent Caging Systems

Superior Technology

## DomiceISLE®

Innovation

Service

Value

Designed by animal caretakers who wanted to create a device to save five mice during a flood, the innovative multi-tiered staircase design has been tested to allow a maximum of five mice to retreat in the case of a flood. The open step design is key to accommodating multiple mice on this device at one time.

- Provides refuge in the event of a cage flood for up to five mice
- Also provides shelter with multiple escape openings
- Easy to clean, store and stack
- Made of high temperature polycarbonate
- Autoclavable to 121°C (250°F)
